Preface:

We, the Class of 1959, dedicate this our yearbook to the American form of education. Gaining knowledge is not a tedious chore but a high adventure. Throughout the following pages, the senior class, which is about to depart forever from this shrine dedicated to American education, has tried to show why our thoughts will always be with her. Permanently recorded here are the adventures of an era—an era featuring adventure in the arts and sciences. It is our wish that no student may ever be able to say education is dull. Education is an adventure, the greatest one undertaken in most lifetimes. We hope each pulse will quicken with the thought of your adventures yet to come.

The Editors.

PART ONE

ADMINISTRATION

DONALD S. KEELER

Director of Education, DONALD S. KEELER, received his A.B. from Colgate University. Both his M.A. and M.S. degrees were granted to him from Columbia University. At present, Mr. Keeler is working toward his doctorate at Cornell. An active community leader, he has little time for hobbies but enjoys golfing and bowling.

ARNOLD D. GREENE

A staunch leader in our school and community is ARNOLD D. GREENE. This man's background includes an A.B. Degree in Education from Boston University, a M.E. Degree in Education from St. Lawrence University, and graduate studies at Cornell Graduate School. At any school athletic game, Mr. Greene, an avid sports fan, can be found giving the team moral support. Besides moral support, his guiding hand is ever helping better our school and the students in it.

EDWARD A. NETSKI

Because the task of being principal in a school of about thirteen hundred students is a difficult one, Mr. Greene has an able assistant, EDWARD A. NETSKI. Capable and conscientious, Mr. Netski has won many friends in this, his first year at Southside. Maintaining discipline is his main task. Firmly but wisely his duties are performed. A graduate of Mansfield State Teacher's College, Mr. Netski also has a M.S. Degree from Bucknell University and graduate studies at Pennsylvania State University. Either fishing, bowling, or making a piece of furniture takes up the leisure time of this energetic man.

FACULTY

The smooth operation of all the departments of education in the Elmira School System is the responsibility of the various directors. New York State Industrial Teachers' Instructor, ROSCOE TARBELL, holds a B.S. degree from Clarkson College and an M.S. from Cornell University. Mr. Tarbell's hobbies are bowling and water sports. Secondary Curriculum Director, VICTOR J. IMPECIATO, resigned in April to take a post in Georgia. His degrees includes A.B. from West Maryland University and an M.S. in Education from Alfred University. KATHRYN M. POLLOCK, who has an Elmira College B.S. degree also holds an M.S. in Education from Cornell University. Miss Pollock's leisure time activities are stamp collecting and knitting. B.P.E. degree holder, ROLAND J. GEORGE is a graduate of Springfield College. Graduate work has been taken by Mr. George at Ithaca and Elmira Colleges. He has the unusual combination of mountain climbing and piano playing for his hobbies. DR. WILLIAM DOBERSTEIN, Director of Guidance, received both his B.S. and M.S. degree from Cornell University. Dr. Doberstein also has a PhD. from New York State University.

The Elmira school system is fortunate to have as its Director of Music, GEORGE ABBOT, a teacher of 46 years and a well known composer. Mr. Abbot has approximately ten compositions in circulation at present. He fondly refers to his "Elmira March" as his "homerun" as well he may since this march is played by all American Service bands. In his youth Mr. Abbot studied under private teachers and at the New England Conservatory of Music. At present, in connection with his hobby, he is remodeling a 150 year old house. Art Director, ELBERT RYERSON enjoys his career so much that he has made painting his hobby. Mr. Ryerson was granted a B.F.A. and an M.F.A. from Syracuse University.

The adventures in an American school lie in learning as much as possible of our world. Here

to see that we apply ourselves to worthwhile projects of studies is a group of people known as teachers. The task of teaching is not an easy one. The teachers of today hold the world of tomorrow in their hands. Turning childhood fancy into useful adult realism, raising the ideals and thoughts of the students and developing the master minds of the future—these are the responsibilities of a teacher.

Vitally important to all of us is the knowledge that we can both speak and write clearly to express our opinions. The responsibility of teaching us correct, lucid oral and written expression falls to our English Department, in which we have several notable persons, one of whom is ROBERT LYNOUGH. From St. Michael's College, he acquired an A.B. Degree and from Boston College Graduate School an M.A. Degree. Aside from this, he also did graduate work on School Administration at Cornell University. His many hobbies include writing, music, gardening, and skiing. Much of his leisure time is taken up by advisory duties and dramatics, the Edsonian Literary Staff, and Footlighters Club. WILLIAM DOLAN, a new member of the English Department, acquired his B.A. Degree at Johns Hopkins University. At Syracuse, he took graduate studies and taught Freshman English. Many of his leisure hours are spent in his well-equipped machine shop. In her leisure time, MARION MCCARTHY, a graduate of Elmira College, enjoys reading and golfing. Despite the fact that she is a busy homemaker, she has managed to take graduate

FACULTY

studies at New York and Alfred Universities. Live drama is the hobby of PAULINE COOPER, a sophomore English teacher. Miss Cooper received her A.B. Degree from Elmira College and has since studied at New York, Albany, and Alfred State Universities.

Scribblers Club advisor, ELLEN B. MOXLEY lists among her many hobbies, collection of records, antique silver and jewelry. Her degrees include a B.A. from Elmira College and an M.A. from Cornell University. She has also studied at Nazareth College and St. Bonaventure's University. As advisor to the Class of 1959, IRENE ST. JOHN has had little time for hobbies during the past four years but she has enjoyed training her dog in obedience classes. Her alma mater is Syracuse University. Study at McGill and Alfred Universities beyond an A.B. Degree from Elmira College is accredited to ELIZABETH CARR CHAPMAN, advisor for the El-So-Hi.

To some there is nothing more adventuresome than solving a baffling equation or performing a delicate experiment. To teach us the basis for further exploration in these fields is the task of the math and science departments.

Our mathematics department consists of six highly qualified teachers for this work. KATHLEEN M. BUTLER, an avid bridge player and

traveler, received her B.S. degree from Elmira College and an M.A. degree from Columbia University. During recent summers she has taken graduate work at the National University of Mexico, Maine and St. Bonaventure's Universities, Elmira College and Cortland State Teacher's College. Aside from this, she is advisor to the Usher's Club. As we all know, HELEN E. BOWER has devoted her life to instructing our students in Geometry and Advanced Algebra. Since she spends nearly all her waking hours here at school, she has little time for extensive hobbies, but she does enjoy raising African violets. Miss Bower received her B.A. Degree from Elmira College.

Another member of our capable staff is WINIFRED LUCY who studied at Elmira College and from that school received an A.B. Degree. Mathematics is only one of ABE FERRIS'S and D. KENNETH RIPLEY'S many responsibilities. Mr. Ferris derives a great deal of pleasure from coaching the Varsity Football Squad and attending other sports activities. He has a B.S. Degree from William and Mary College. Mr. Ripley, who has an A.B. Degree from Alfred University and who has done graduate work at Alfred, Rutgers, and Cornell Universities, is a Sophomore Class Advisor. Aiding him in this work as class advisor is our newest science teacher, AMELIA CERCHIE. Last September Miss Cerchie came to us with a B.S. Degree acquired upon her June graduation from Mansfield State Teacher's College. Two other of our science teachers, CARROLL J. J. HAYES and ROLAND A. BALL, are advisors to the Science Club, a new school group. Mr. Hayes enjoys spending his leisure time in the fields of electronics and agriculture. At Columbia University he obtained an A.B. Degree. Working with the Boys Scouts is another worthwhile activity of Mr. Ball, who received his B.S. Degree at the University of Pittsburgh and has done graduate work at Cornell University.

KENNETH C. WINSOR, a long-time member of the Science Department, received his B.S. Degree at Bucknell University. His idea of a perfect time is a quiet afternoon of fishing. Another outdoor man on the staff is LEONARD YUSKO

who enjoys viewing and participating in all athletic events. Mr. Yusko received his B.S. Degree from Mansfield State Teachers College. If RUBY M. LEE seems to have a never-ending supply of apt mottoes, the reason is that she is a collector of them. Miss Lee received a B.S. Degree from Michigan State University and has since studied at Columbia, Rochester, Cornell, and Penn State Universities. A Wittenberg College A.B. graduate, STANLEY W. KROUSE, Chemistry teacher, has the tremendous responsibility of balancing our yearbook financial reports since he is Edsonian Business Staff Advisor. A Syracuse University graduate, LUELLA B. LUND has received her B.S. Degree and taken additional graduate work at Cornell and New York Universities. Mrs. Lund's outside interests include cuisine and travel.

Physics teacher and Flag Squad Advisor, JOHN W. FINLAY holds a B.S. in Chemistry from Union College and an M.A. from Cornell University. To learn of the latest possible scientific advances Mr. Finlay has studied under the General Electric Fellowship Program at Union College and the National Science Fellowship Program at Clarkson College of Technology.

Since the world has grown smaller by the scientific advance of communications and transportation, there is a great need for understanding the political and socio-economic situations of the peoples of many nations. Naturally, this understanding is achieved much more easily if we are able to speak the languages peculiar to each country. Although we cannot learn all the languages necessary for such an understanding, our adventures in a foreign language at least take us a step or two in the right direction. Five members are included in the Language Department of our school. An A.B. Degree from Elmira College is credited to MINNIE BALTIMORE, who enjoys sewing in her leisure time. Reading, golfing, and

traveling are the hobbies of MADELEINE DALY. Besides an A.B. Degree from Elmira College, Miss Daly has done graduate work at Columbia University and England's famed Oxford University. ELSA BROOKFIELD, who has a B.A. Degree from Elmira College and an M.A. Degree from the University of Lausanne in Freuel, Switzerland, has done graduate work at Middlebury College and the Sorbonne in Paris. Although she has many additional duties in connection with the National Honor Society and Spanish Club, Miss Brookfield finds time for extensive travel and classical music. French teacher and French Club Advisor, MARION LYNCH BURKE, obtained her A.B. Degree from Elmira College, her M.A. Degree from Columbia University, and did graduate work at the University of Paris. She lists swimming and photography among her favorite pastimes.

This year Southside High School is privileged to have HERBERT HOFER as a faculty member. Mr. Hofer came to us as an exchange teacher from Austria. He received his education at the University of Innsbruck and holds the title of Lehramt Professor.

For some of us the adventure in our American school lies in bringing the beauty of the world to the canvas. In the Art Department under the watchful eye of MURRAY P. McKAIG we find ourselves developing a deepening appreciation for our world. We are learning to seek and find beauty in the most humble and most magnificent surroundings it can offer. Mr. McKaig is well qualified to guide us in our search for beauty since he received both his B.F.A. and M.F.A. Degrees from Syracuse University. Others of us spend much time learning to bring beauty and joy into the world through music. Drifting through our hallowed halls are the clear, strong voices of our vocal groups under the direction of JAMES B. MATSON, II. Mr. Matson came to us three

years ago directly from Fredonia State Teacher's College, where he received a B.S. Degree. During the summer of 1957 he traveled throughout Europe listening to the music of the masters. Found marching at the head of our band as it performs in a traditional holiday parade and directing our orchestra during assemblies is WILLIAM E. BIERY, who received his B.S. Degree from Penn State and his Master's Degree from Cornell University.

The high standards of living on the American scene dictate many educational needs for our young women today. Our school meets these needs in a variety of ways. One such way is through the Home Economics course. In addition to a B.A. degree from William Smith College and an M.A. degree from Syracuse University, JOAN S. KEELEY has taken graduate work at Cornell and Syracuse Universities. EDITH LEE takes a special interest in the Elmira Little Theater. She received her B.S. degree from Syracuse University. From Miami University in Oxford, Ohio, ELIZABETH FINTER received a B.S. degree. Her M.A. degree comes from Columbia University. Further study is credited to her from Cornell, New York, and Iowa State Universities.

When we have learned to express our own thoughts we begin to wonder about other ages and other peoples. Courses which highlight our adventures in an American school are American and World History. In the History Department is PETER PAZAHANICK, who has a B.S. degree from Mansfield State Teachers College, an M.A. degree from Peabody, and graduate work at the University of Maryland. Mr. Pazahanick is an advisor to the Class of 1960, the traffic squad, and Junior Varsity football coach. With a flair for the fashionable, MYFANWY KING enjoys spending much of her leisure time working in the merchandising field. Miss King received her B.S. degree at Elmira College. This year we were glad to welcome to our midst JAMES E. GOOD-SPEED, a B.A. graduate of Alfred University. A

favorite pastime for Mr. Goodspeed is golfing. He also enjoys bridge. Baseball enthusiast THOMAS E. STENSON received his B.S. degree from Albany State Teachers College and has taken additional courses at Cornell University. Both MARION G. HOOLIHAN and MARGARET FLYNN give our freshmen their first taste of high school history. A B.A. degree is credited to Miss Hoolihan. Miss Flynn has an A.B. degree from Elmira College.

Since the business and industrial worlds of America are constantly demanding well qualified personnel for their offices, our Commercial Department is forever striving to meet these demands. Typing teacher, DONNA D. VAN ALLEN, who is credited with a B.S. degree from Elmira College, likes to garden and travel during vacations. The legal points of business are taught by KATHERINE F. LUCE. Mrs. Luce holds a B.A. degree from Elmira College and an M.S. from Cortland State Teachers College. SYLVIA ROCKWELL, who had been at Southside High School 35 years when she retired in February, received a B.S. from Columbia University Teachers College.

The extra curricular activities of HAROLD D. SCHWALB include the Lettermen's Club, activities accountant for the school, and Junior Varsity basketball and tennis coach. Mr. Schwalb obtained his B.S. degree at Columbia University.

Vocational and Industrial Arts

MARGARET HAPEMAN is a B.S. graduate of Winthrop College, Rock Hill, South Carolina, and an M.S. graduate of Cortland State Teachers College. During the summer of 1958 Mrs. Hapeman took graduate courses at Oswego State Teachers College.

An Elmira College B.S. degree is held by RUTH M. COLE, bookkeeping teacher. Her graduate studies include work at Elmira College and New York University. MARION CONNELLY holds a B.S. degree from Elmira College.

Replacing Miss Rockwell on the Commercial staff is MRS. STUART CLAWSON. Mrs. Clawson received her B.S. degree from Indiana State Teachers College. Since that time she has studied at Penn State and Temple Universities. Previous teaching positions include high schools at Hodge-way and Tarintum, Pennsylvania.

Since machine labor can never replace skilled, manual craftsmanship, those of our boys who enjoy vocational work are trained in the Industrial Arts Department. A life certificate to teach was awarded to WARD M. HAM from Buffalo State Teachers College. Mr. Ham has furthered his education at the State Teachers College of Oswego. In his leisure time he enjoys working with radio and television. In the Electronics Department we have DONALD F. HARDY, who studied at Buffalo State Teachers College where he ac-

quired a B.S. degree. In order to learn of the new developments made in the field of electronics, during the past few years Mr. Hardy has studied summers at Cornell University. He has no hobby other than further work in electronics. Reading blood-chilling detective stories is the favorite pastime of WILLIAM M. LANTZ, wood shop instructor. VARNER MacRORIE received a vocational diploma from Buffalo State Teachers College. Mr. MacRorie takes an active interest in photography. The printing and sheet metal shop is headed by LESLIE TRAVIS. Mr. Travis who received a B.S. degree from Oswego State Teachers College, is our school photographer. Night school apprentice training takes up much of the time of busy FRANCIS SHEPHERD. Mr. Shepherd, who holds an Industrial Vocational degree, sells real estate in his free time. Hard-working advisor to the Class of 1959 is JOSEPH MOLNAR. This year the drafting department was glad to welcome JAMES HAPEMAN to the faculty. Mr. Hapeman has studied at the University of the State of New York and at Oswego State Teachers College. Boating, fishing, hunting and model building are included among his many hobbies.

An entirely different adventure in American education than those previously mentioned is Physical Education. The break in study provided by this course leaves students more relaxed and more willing to work. Developing physical fitness in our youth is the important job of this department. Southside High School girls enjoy recreation under M. OLIVE WOZNAK and BEATRICE E. STEPHENS. Cheerleaders', Cheerleaders' Club, and Twirlers' advisor, Mrs. Wozniak received her B.S. degree from Ithaca College. During summer vacations she enjoys swimming and gardening. Mrs. Stephens, who holds a B.S. degree from the State Teachers College at Cortland and an R.P.T. degree from the University of Iowa, is the advisor to the Girls' Athletic Association. Her suburban home and family take up much of her time. Building and remodeling furniture for the family home proves to be a useful

hobby. Ithaca College B.S. and M.S. graduate, DOUGLAS R. WILSON, is the coach of the Varsity Basketball Squads. Mr. Wilson is also Driving Education instructor. As might be expected, his hobby is sports. Another of our Physical Education instructors and coaches is ROBERT HABERSAAT. Mr. Habersaat also received both his B.S. and M.S. degrees from Ithaca College. His coaching duties are with the Varsity Baseball Squad. Fishing and hunting are the favorite pastimes of Mr. Habersaat. Varsity Wrestling and Football Coach, THOMAS HURLEY holds a B.S. degree from Mansfield State Teachers College and an M.A. from Peabody College. As might be expected his hobby is sports. Mr. Hurley is also an advisor to the Class of 1960.

JEAN B. RODGERS and ANASTASIA ROSINSKI, our librarians, both received their B.S. degrees from Geneseo State Teachers College. Mrs. Rodgers has furthered her education at Alfred and New York Universities. Her advisory duty is with the Ushers' Club. Study at Cornell, Columbia, and St. Lawrence Universities had advanced the education of Miss Rosinski.

School nurse, FLORENCE STAPLETON, received her R.N. degree from Mt. Sinai Hospital, New York. She has furthered her education at Elmira College and Syracuse University. An in-

terest in antiques provides Miss Stapleton with a fascinating hobby.

To help each of us through our adventures in education is the principal objective of the Guidance Department. The capable staff includes ELEANOR A. ROBINSON, EDWARD W. TRAVIS, JULIA C. O'SULLIVAN, and INA B. DUTCHER. Miss Robinson, a B.S. graduate of Elmira College and an M.S. graduate of Cornell University, spends much of her leisure time caring for her tropical fish, Siamese cats, and gardens. One of the new staff members is Mr. Travis, who is credited with a B.S. degree from Cortland State Teachers College and an M.A. from Springfield College. During the past three years, he has taken graduate courses at Syracuse University. Mrs. O'Sullivan, a B.A. graduate of Elmira College and an M.S. graduate of Cornell University, came to us this year from Elmira Free Academy. Listed among her hobbies are music, theater, golf, and bridge. A B.S. degree is held by Ina B. Dutcher, counselor for the Class of 1959. Her crowded schedule leaves little time for hobbies; however, she enjoys spending weekends and vacations at her lovely country home. Mrs. Dutcher is a graduate of Cortland Normal School and the State Teachers College at Buffalo.

As office secretary it is ROSE HOFFMAN'S responsibility to do much of the paper work needed to keep the school running smoothly. Trips to New York fill numerous weekends for this avid traveler. A large collection of unusual recipes has been gathered by Miss Hoffman.

Heading the cafeteria staff is DOROTHY FOODY. Mrs. Foody is well qualified for her post with a B.S. in Home Economics from Florida State University. Her hours away from school are spent in raising her family. Assisting her are the following: EVELYN LANGSTINE, EDITH CRAFT, and BESSIE COMFORT, all of whom list their families as their chief interest. Mrs. Langstine and Mrs. Comfort enjoy sewing in their leisure time. Mrs. Comfort finds relaxation in bowling.

Our Student Council

As in most American schools, the STUDENT COUNCIL is the most important and respected school organization. During the year, the forty-five elected homeroom representatives arranged for transportation to out-of-town football games, sponsored

homeroom Christmas decorations, collected yearbook payments, sponsored Teacher's Appreciation Day and sent delegates to several Student Council conferences.

By co-ordinating activities, promoting student-faculty relations, and school spirit, our Student Council has performed a great service to Southside High School.

The Honor Society

One of Southside's outstanding organizations is our chapter of the NATIONAL HONOR SOCIETY, founded for the purpose of giving credit to students who have worked diligently during their years in high school.

Twice each year new members are inducted; National Honor Society scholarships are made available to those who qualify in their senior year by belonging

to this club. Throughout the year, culture classes are held to prepare those interested for scholarship exams and for good college background.

Qualification for membership is based on scholarship, leadership, citizenship, and service. Induction of new members is performed in the formal initiation ceremony in the presence of already inducted members.

On May 8th and 9th, with representatives from other area high schools, fifty-four Southside High School juniors attended YOUTH COUNTY which is sponsored each year by the American Legion. Delegates were assigned a political party and place of residence upon registration. Two days of nominating conventions and political rallies were climaxed by final elections. The following month Southside was honored to send six delegates to BOYS' STATE and one delegate to GIRLS' STATE where the same election processes were carried out at the state level. These conferences fulfilled their purpose because each delegate left with a deeper understanding of his country's democratic system of government and his part in it.

Edsonian for 1959

Between the covers of this book is portrayed a way of life—the life of the American student. How many strangers will judge Southside High School by our pictured activities and carefully written words? It is impossible for any of us to say where the influence of our EDSONIAN will stop. The staff of the 1959 EDSONIAN hopes that this, our class's yearbook, will retain for each and every student our wonderful treasury of memories for the joyous years to come.

EDSONIAN BUSINESS STAFF—*Seated:* K. Mashanic, N. Moulthrop, E. Kasouf, Mr. Krouse, R. Jump, F. Mazzaraco, M. Campbell. *Second Row:* R. Mills, M. Harris, P. Inscho, J. Cook, C. Whitaker, C. El-So-Hi

The EL-SO-HI, going into its 35th year of publication brings to the students of Southside the news of the school so that the students themselves will take a greater interest and pride in school affairs.

Publication of a newspaper is certainly an adventure in which many can participate. Those who enjoy writing can learn the fine points of newspaper work through the Journalism Class. In addition to reporters, the EL-SO-HI needs from the Commercial Departments typists and business assistants.

Through the paper our principal, Mr. Greene, can make important announcements. Editorials give the staff a chance to convey their ideals and ideas to all of us. Upon examination, our school paper is shown to yield the best thoughts of our school.

SERVICE CLUBS

FLAG SQUAD—G. Barnes, F. Grin-grich, D. Harvey, Mr. Finley.

A spirit of altruism is displayed by Southside High School Service Clubs. Members dedicate their leisure time to such worthwhile activities as bringing cheer to the elderly people of the community, assisting in adult service projects, and preparing gift boxes for the needy throughout the world. All of us can be proud of these students who have learned the true spirit of giving.

Our JUNIOR RED CROSS is always ready to lend a helping hand to those in need. It has been active during the year collecting, packing, and sending gifts to the hungry and ill in other countries. Knowing that they have made life a little easier for poor, unfortunate people is the wonderful satisfaction given to members of this organization.

Waving high over the school is the symbol of American democracy—the flag. Honored with the responsibility of caring for and displaying the flag is a group of boys known as the FLAG SQUAD. On every day possible, the Stars and Stripes float over us, inspiring us to adventures in freedom.

port, the group is very active.

The HUMANE SOCIETY has an ultimate goal—that of making life a little easier for small animals and pets. Proceeds (cat and dog food) from a big Christmas Party are donated each year to the Shelter.

There is no segment of education more adventuresome than science. This statement is the firm belief of the group of outstanding science students who formed the EPIS-TIMINI SCIENCE CLUB. Under the leadership of Mr. Ball and Mr. Hayes, the students further their knowledge of various science fields by discussion, experimentation, and demonstration.

To present an opportunity to explore the teaching field is the purpose of the FUTURE TEACHERS OF AMERICA. All prospective teachers belonging to this organization fit themselves to the equation—the requirements of teaching equal my qualifications to teach. If the equation balances, each student is destined to become a select member of that highly respected profession—teaching.

French Club

Learning to speak a foreign language fluently is an adventure that, once experienced, will never be forgotten. Since much classroom time is consumed in grammar instruction, language clubs, such as LE CERCLE FRANCAIS, are organized in order to allow students to speak the language in actual conversation. When the students converse in French their interest in French history and the French people is awakened; therefore, the FRENCH CLUB fills a two-fold purpose. Members also enjoy the opportunities they have to interview French people who settle in this community.

“LOS PANAMERICANOS,” Southside’s Spanish Club, was formed for the purpose of giving its members practice in speaking the language and familiarizing them with

the customs of Spain and Mexico, as well as those of South American countries.

This year the club had a very busy agenda which included several parties, including one held around Christmas time in honor of Elmira’s guests from Mexico. Here the Mexican students found a somewhat homey atmosphere, complete with pinata and Spanish Christmas carols.

DER DEUTSCHE VEREIN, Southside’s German Club, exemplifies the typical student interest in broadening his knowledge of a language and its peoples outside the classroom. Its members include all second, third, and fourth year students in German.

The club was particularly fortunate this year in having a native speaker for its advisor. Mr. Herbert Hofer, an exchange teacher from Salzburg, Austria, helped greatly in passing on first-hand information about the people and customs of German speaking lands.

Library Staff

Performing the thousand little tasks necessary for the smooth functioning of a library is the LIBRARY STAFF. During a free period the students on the staff assist Mrs. Rodgers by returning books to the shelves, stamping book cards and searching for reference materials. The capable service of the members is appreciated by both the students and faculty.

Future Nurses Club

The newly organized FUTURE NURSES CLUB provides its members with a background of their chosen field. After giving the students such information, the purpose of the club becomes the placing of active members in hospital service. Upon completing twenty hours of service, members receive the official insignia of the club. Service to the community makes this club a valuable contribution of a typical American school.

Anyone interested in drama will find adventure as a member of FOOTLIGHTERS, Southside's drama club, advised by Mr. Robert Lynough. To promote interest in drama Footlighters was formed in 1951 to allow members to develop their acting ability through presentation of plays. In addition to their dramatic endeavors the students help with the sale of tickets for the Junior and Senior Plays. Auditions held each spring select those who are qualified to become members. Honorary members are chosen each year following the Junior and Senior Plays.

Delving into large scale dramatics for the first time the 1958 juniors presented a musical comedy. On April 18 and 19, after three months of rehearsals, the class of 1959 proudly presented "*Where's Charley*," an adaptation of Brandon Thomas' "*Charlie's Aunt*." Bruce Silvers brought gales of laughter as Charlie, who posed as his aunt and acted as his own chaperone. The director and the cast were rewarded for their work by the expressed enjoyment of the attentive audience.

Set in the mountain lamasary of Shangri-La, "Lost Horizon" by James Hilton was the choice for our Senior Play. The adventures of the four survivors of a plane crash in the high Himalayas served as the theme. Among these survivors was an Englishman, Hugh Conway, who had to decide between remaining in Shangri-La or helping his friend, Mallinson, return to civilization. Many seniors adopted the strange Tibetan ways before the opening curtain was drawn.

The Ushers' Club

One day in November, several Elmira businessmen came to Southside on the occasion of Business-Education Week. Guiding them through the school were girls in crisp white blouses and dark skirts; they were the members of SOUTHSIDE'S USHER'S CLUB, performing another one of their duties to the school. Their thoughtful

replies and pleasant smiles greet many visitors to the halls of SHS. At school assemblies, they help to maintain order and discipline. Open to any senior girl, the club is advised by Miss Kathleen Butler and Mrs. Jean Rodgers. In another phase of their service program, the club awards a scholarship to a deserving senior girl.

The fine vocal programs presented by Southside's music department are participated in by the GIRLS' GLEE CLUB. Under the direction of Mr. Matson the members blend their voices in pleasing melodies. Sweet, clear notes waft through our corridors as the girls rehearse. Singing

with the group provides those girls who wish to follow a musical career with practical experience while it guides others to a deeper appreciation of music. Our Glee Club made its contribution to the American school in the beauty of music.

The Band

Lending an air of excitement to local parades and school football games is the school BAND. This musical aggregation, well known for its brisk march style, presents a colorful spectacle at any school event. The Spring Concert finds the band listed as a feature attraction at which time it gives its renditions of classics, popular tunes, and all-time favorites. Many of the

members find reward for their practice in being among those chosen to attend the All-State Music Festival. Much can be expressed through the media of music. Those persons listening to our band are certain to learn of the American schools' high standards.

The Orchestra

Providing the music for assemblies is the responsibility of the school ORCHESTRA. Bringing joy to others is one of our greatest adventures. Orchestra members express their thoughts and talents through music while brightening the lives of others. Music has become a highlight in our way of life and is presented through school orchestras in the American education system. The highly developed art of music is furthered through the patient practice and presentation of our orchestra.

opportunity of singing together. During the weeks before the various holidays the group works hard to prepare inspiring assemblies. The beautiful music of the Spring Concert is greatly enjoyed by the faculty and students as the Mixed Chorus exhibits its talent with our other musical groups. The chorus makes a great contribution to our school.

PART THREE

CLASS HISTORY

High Adventures with the Class of 1959

UNIT I

Introduction

September 9, 1955 was the beginning of a great adventure for 325 American youths. It was on this historic date that our class entered the portals of Southside High School. Four years ago no one could say how many of us would reach this platform in life. For those whose only goal was high school graduation, "Congratulations!" You have attained your goal. Others of us cannot yet say we are standing on the last rung of the ladder to our dreams. This only do we know—that we are one step closer to the realization of those dreams. In our four years of adventures we have matured into young adults, ready to take our rightful places in the history of this school and the future of the world. We felt it our final duty to record in the 1959 Edsonian our adventures in a truly American school.

Chapter 1—Government

Since democracy is the heritage of an American school, the first responsibility of our class was to elect competent officers to govern. Given the opportunity to lead us on our first adventure were Lynn Morrison, President; Sue Saffer, Vice-President; Marilyn Hughes, Secretary; Steven Geiger, Treasurer; and Vivi Golos, Historian. To continue the democratic pattern,

each homeroom elected a council member and business representative to represent their individual opinions at council meetings. In this first adventure and all the others which follow, we were advised by Irene St. John and Joseph Molnar.

Chapter 2—Fund Raising

With an eye toward future adventures, such as the Senior Banquet and Prom, our class sponsored several fund raising projects. Our first endeavor of this sort was the "Freedom Frolic" dance held on November 10. Proceeding dances were the "Leap Year Leap" on March 2 and the "Horseshoe Hop" held later in the spring. This particular "horseshoe" was especially lucky for Rosalyn Strange and Gary Hood, who were crowned King and Queen of the festivities. During the year, to further supplement our treasury, we sold Christmas cards and candy.

Chapter 3—Major Events

Highlighting our adventures was the chance to participate in upper-class activities. Two such activities were the Spring Hope Show, where the freshmen talent was shown, and the Senior Carnival at which our class sold snow cones. Anxious to leave a tradition for the incoming freshmen we originated "Parent Night." On May 11, we honored our parents with a special talent program.

Summary

As we complete this link in the chain of our story, our thoughts wander fondly back to that wonderful, terrifying year.

CLASS HISTORY

UNIT II

Introduction

September 1956 found us eager to return to our class adventures. Everyone felt a little more at home during this year. On our first day we saw that the summer had not wrought too many changes. A few familiar faces were missing from the group, but all-in-all we were the same old crowd returning after a summer vacation to face new adventures.

Chapter I—Election of 1956

As a sophomore class we realized that our first responsibility would be to elect new officers. It is the basic principle of any American school to allow as many students as possible to participate in the school government. Chosen to govern us for the school year 1956-57 were Terrance Kilcoyne, President; Paula Sheehan, Vice-President; Patricia Inscho, Secretary; Michael Losinger, Treasurer; and Mary Sue Pittman, Historian.

Chapter 2—Profitable Projects

Deciding upon original and clever themes for dances—and carrying out the

themes—presented adventure for those who served on the various committees. During the year our class sponsored the “Halloween Honky-Tonk,” the “Snow Swirl” which featured a floor show, the “Spring Dance,” and the traditional “Year-book Dance.” Aside from these activities we were innundated with cases of bon-bons with which we reaped a handsome income.

Chapter 3—Sophomore Highlights

Our second year's adventures were highlighted by two major social events. Early in the year our class again presented a special program honoring our parents. On May 3 a Sophomore Class Night was held. Parents and students attended the program and the dance which followed.

Summary

The adventure of this year will long remain in the memories of the students of the Class of 1959. The year presented excitement and joy exceeding all our greatest hopes. The second link of the chain drops into place with the end of this unit.

UNIT III

Introduction

As upper-classmen, we, the incoming juniors began to feel both the responsibility and privileges we had while attending the typically American school. With the realization we felt called upon to exemplify the highest ideals of the school in all our activities. Now as we bring to mind our past accomplishments we hope that in all ways we have maintained the standards set before us.

CLASS HISTORY

Chapter 1—Political Advance

Necessary for leading the class in the highest ideals and adventures was a competent group of officers. We found that Lois Williams, President; Franklin Trenery, Vice-President; Sue Pittman, Secretary; Michael Losinger, Treasurer; and Carol Lou Pedalty, Historian acted very capably in the roles of junior class officers. It was during this year that fifty-four junior delegates were sent to Youth County. Our representatives participated in activities that later proved to be of great value in performing class duties. Chosen to represent Southside High School at Empire Girls' State was Rose Anna Rockwell. This charming girl was one of two Chemung County delegates to participate in a nine day mock state government at New Paltz, New York in late June. At this same time on the campus of Colgate University, Stephen Eastman, Edward Elston, Edward Kasouf, Michael Losinger, John Shipler, and Franklin Trenery were taking part in a similar operation at Empire Boys' State.

Chapter 3—Social Season

The social season was officially opened with the Junior Prom "La Danse D'Amour," presented on February 14. The spirit of Valentine's Day motivated a hearts and flowers theme. Not one of us will ever forget the delightful class play "Where's Charlie?" Rollicking through the laugh filled musical comedy were leads Margaret Harris, Stephen Eastman, Arlene Davis, Bruce Silvers, Carol Ayres, David Messing and Nathan Josephson. They were supported by a magnificent orchestra and chorus. Junior Class Day on May 2 was the highlight of the year. A Special Assembly was held in our honor, and our class colors of navy and powder blue were predominant throughout the school. Crowned as monarchs of the occasion were Queen Madeline Edwards and King Stephen Eastman. Class day ended another wonderful year.

Chapter 2—Class Funds Increase

Striving to reach the \$3000 mark in class funds, we sponsored two fall dances. The first junior presentation the "Touch-down Twirl" opened the football season and honored the gridiron heroes. The splendor of the season fostered the idea for the "Fall Fantasy," our last school dance of the year. Regular customers were glad to hear that the juniors would continue to sponsor a candy sale.

Summary

The adventures of another year and another junior class have become part of the past. It is our hope that the ideals so eloquently expressed by us have been carried out to the fullest measure.

CLASS HISTORY

UNIT IV

Introduction

In this final unit, the past, present and future merge. We, the class of 1959, have given a gift to the past, are a living monument to the present, and are a promise to the future.

Chapter 1—Election of Officials

The honor and prestige of becoming a senior class officer encouraged many to compete for the available positions. Victorious in the campaigns were Charles Konkus, President; Joyce Spence, First Vice-President; Robert MacBlaine, Second Vice-President; Paula Sheehan, Secretary; Neil Cory, Treasurer; Patricia Meholczo, Historian. Honored with one of the highest school offices, that of Student Council President, was the capable and popular Stephen Eastman.

Chapter 2—Treasury Gains

The seniors welcomed all the underclassmen with the "Back to School Dance." Then on November 10, as autumn slipped away, our class presented the "Harvest Hop." After this dance and the closing of the last candy sale only one project remained—the Senior Carnival. On March 21 the gymnasium was magically transformed into a carnival midway. Barkers cried the wonders of their wares. Our last project was highly successful.

Chapter 3—Social Whirl

Another social first was introduced by our class. A rally, a parade, and a queen's coronation highlighted Southside's Homecoming Celebration. Homecoming Queen, Jacquelyn Reel reigned over the festivities preceding our football game with Vestal. Into our history goes the story of a bell. On October 18 the coveted Erie Bell was won in a 14-13 victory over Elmira Free Academy. However, the joyous peals of the bell were silenced. The silence symbolized our grief in Burke LaComb's tragic injury.

Shangri-La means more to us than an impossible paradise. It means "Lost Horizon," our senior class play. High in the Himalayan Mountains a plane crash mixes two worlds. The inhabitants of the strange

lamasary RoseAnna Rockwell, Michael Losinger, David Messing and Arlene Davis welcome missionary Roberta Winner, British consuls Gary Hood and Jack Shippler, and the notorious crook Robert Jump. Under the direction of Mr. Robert Lynough the conflicts in these lives made a memorable play. May 8, saw the most magnificent of all social events. On this date the Senior Banquet and Prom were presented. None of us will ever forget the splendor of that evening even though Senior Day came fast on its heels. We were proud of our yearbook and our completed years but saddened by the thought of leaving our high school years behind. There remains one event, one cherished above all others—graduation. The evening of the twenty-second of June is the pinnacle of adventure, surmounting all other happenings. We look forward and see success.

Summary

Four years have slipped away under this pen. As we, the class of 1959, write the final words of our history, we hope to inspire all of you to maintain the standards set before you. We have done our best to leave this school "a better, more beautiful school than was transmitted to to us." May you all find the many fold adventures which await you as interesting and challenging episodes—and may they be truly *Adventures in an American School*.

Clinton was a member of SHS's Science Club, contributing many hours and ideas to the progress of the group. Representing his homeroom on Student Council, he also was a member of the policy making committee of the Senior class and the Senior Council. In the production of Cinderella for Sophomore Parent's Night, Clinton added his talents. Junior Red Cross also had his faithful service. Pretty, dark-haired NANCY FURMAN came to SHS from Parley Coburn. Because of her willingness to work, Nancy started off her freshman year by being elected to the Freshman Council. Her many efforts toward the Cheerleaders' Club earned her the office of vice-president of the group. She also took part in Student Council in her freshman year. Continuing her work for the class, Nancy was elected to Sophomore Council. Her junior year found her working on the Junior Prom and the Junior Play, "Where's Charley?" the spirit of things at Southside by becoming a member of the Cheerleaders' Club and Girls' Athletic Association. In her Senior year, she was elected president of the G.A.A. During her sophomore year, Nancy began practicing feverishly for a berth on the Cheerleading squad. Her hopes and dreams were realized as she gained a position on the JV squad; in her Senior year, Nancy made varsity cheerleaders. In addition to her athletic "rah-rah" activities, Nancy took part in Ushers' Club and Future Nurses of America. She also served her class in many ways by working on the Senior and Junior Plays and the Junior and Senior Proms.

CATHERINE GILLILAND from St. Mary's entered Southside and took a general course. Representing homeroom 206 on the Senior Council was JENNIE GLOVER. Small and petite, Jennie was a diligent member of Junior Red Cross and G.A.A. Looking forward to a career in education, Jennie belonged to Future Teachers of America. To round out her busy schedule, Jennie belonged to Spanish and Ushers' Clubs. AVIVA GOLOS, who came from Parley Coburn and took an academic course, was a leader the past four years at Southside. Her days at Southside were filled to the brim with activities. In her freshman year she was class historian. Vivi's last three years were devoted to the El-So-Hi (circulation staff, sophomore year; associate editor, Junior year; and editor-in-chief, her Senior year.) Winning the American Legion Oratorical Contest in her Junior year with the topic "The Constitution—The Living American Heritage," she was one of those delegated to attend the Syracuse Citizenship Conference at Syracuse University. The biggest thrill of her life was visiting the land of Israel during the summer of '58.

One of the vocal talents of the Class of '59 was JEANNETTE GRAF who came from Johnson City. Demonstrating her aptitude toward music, Jeannette belonged to Qualitones, Girls' Glee Club, and Orchestra. Ushers' Club, Junior and Senior Play committees had her devoted efforts.

burg Union, sang in the chorus and served on the Traffic Squad. His vocal ability was shown in the Junior Play chorus.

Entering Southside from Parley Coburn, GAIL HADLEY took time out from her commercial course to participate actively in class affairs. Gail proved her ability on the Junior and Senior Play committees and on the Junior Day and Junior Prom committees. Sophomore Council, a year in G.A.A., and Ushers' Club rounded out her busy four years at SHS. ROBERT HAGER, enrolled in a commercial course, claims Parley Coburn as his junior high alma mater. Active in sports, Bob was basketball manager in his Junior and Senior years, as well as being a member of the Lettermen's Club. He also attended Youth County, was a Student Council alternate, and played homeroom basketball his first two years at SHS. St. Mary's graduate, RICHARD HALLAHAN represented his homeroom in Junior Red Cross while studying academic subjects. Always active in class affairs, LINDA HAMILTON came to us from St. Mary's and enrolled in the academic course. Having proved her leadership as chairman of the Junior Prom committees and the Senior Play committees, Linda became one of our Twirlers in her Senior year. Also keeping her busy were Junior Council, Junior Day, Senior Day, Senior Prom, and Ushers' Club.

MARGARET HARRIS seemed to excel in all fields. Coming from P. C. and taking an academic course, Peggy supplemented her musical ability in her one year of Glee Club, three years of Orchestra, and especially in her three years at Area All-State Festivals. Her fine voice was a credit to the Junior Play and to Footlighters. Her writing career started on the El-So-Hi Literary Staff, where she became associate editor. The Edsonian Business Staff also took advantage of her ability. In the sports field, Peggy was a JV cheerleader and later moved up to the varsity squad. Junior Council, Senior Prom, and Senior Day kept her busy in the class. Honor Society, Ushers' Club, and Youth County also added to the length of her activities list. In recognition of her leadership and fine quali-

This commercial student is one of our capable carpenters who served on the Senior Play stage crew and erected the Christmas scene on the roof.

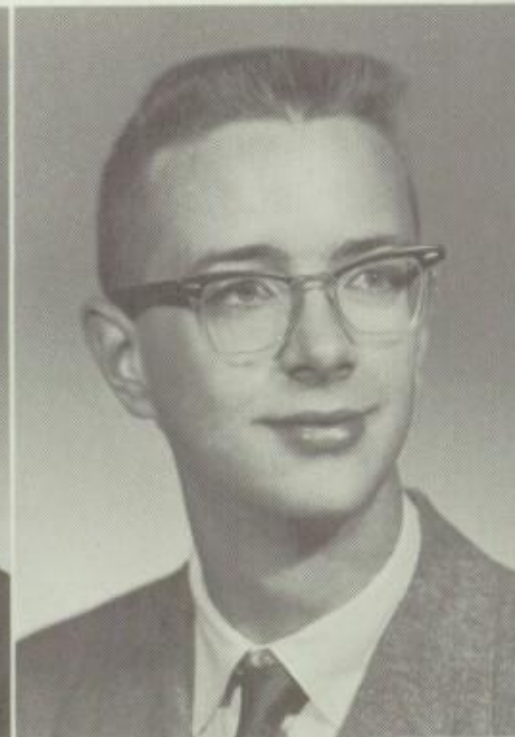

Witty El-So-Hi column writer NELSON HICKS pursued an academic course after graduating from Hopkins Street School. A science enthusiast, Nelson found enjoyment in the Science Club. German Club and National Honor Society were clubs in which he obtained membership. A graduate of Pennsylvania Avenue School, SHARON HILL didn't allow her homemaking course to interfere with her activities. Singing in Glee Club and participating in our candy sales kept her busy, as well as did G.A.A. and Ushers' Club. The commercial course presented a challenge for GARY HOLLAND from Edgeworth. Representing his homeroom in Junior Red Cross was a worthwhile effort of Gary's.

DANIEL HOLLERAN, academic student, graduated from St. Mary's. For four years he played homeroom basketball in addition to serving on the Junior Red Cross and the Junior Play committees. An academic student from P. C., SUZANNE HOOBLER is proud of the fact that she has been on every class dance committee. Upon his return he was elected German Club president, was given a role in the Junior Play, and was inducted into National Honor Society. He joined the newly formed Science Club and served on Junior and Senior Play committees in addition to playing leading roles in each play. For his fine performance in the Senior Play he was given an honorary membership in Footlighters. Gary's writing ability made him a valuable member of the Edsonian Literary Staff and Sunday paper reporter team. For his leadership he was selected to attend Youth County.

Another musically talented class member is CAROL HOWLAND, who came from EFA and took a general course. Singing in Mixed Chorus, Glee Club, and Qualitones took much of Carol's time. She also showed her ability in the dramatic club, Ushers' Club, and on the Junior Prom committee and Library Staff. Petite JANIS HUDSON served as an honor attendant for the Junior Day Queen. Committees for the Junior and Senior Plays and Proms used the talents of this popular girl. Janis was a member of Cheerleaders' and Ushers' Clubs. Typing for the Edsonian was another of her contributions to the class. Christmas pageants pictured Janis as a tiny Christura elf.

MARILYN HUGHES is a credit to Parley Coburn, her junior high alma mater. This very active girl took a commercial course. Starting off right as secretary of the Freshman Class, Marilyn has always been active in class projects. EUGENE SLATER, with the little wry smile, came to Southside from Parley Cournburn. He has been an outstanding member of Student Council, having been elected to this position his sophomore, Junior, and Senior years. During his Junior year, Gene practiced the phrase, "Como esta usted?" while a member of the Spanish Club. He also contributed his efforts to the Junior Council. A delegate to Youth County, Gene helped to sell Senior candy in his final year of high school. A graduate of Edgeworth School, LINDA SMITH joined Cheerleaders' and G.A.A. in her freshman year and was an active member in each for the following three years. Also in her first two years, she sang with the Girls' Glee Club, while in her Senior year she belonged to Upsilon Kappa, the Ushers' Club. Linda has also worked on many of the Class of '59's dances.

Music has been the focal point of RONALD SMITH'S years here at Southside. A member of the band for four years and of the orchestra for three years, Ronnie represented SHS in the All-State County Band and the Sectional All-State Band for three years playing his clarinet. Ron demonstrated his acting ability by playing the Englishman in the Senior Play and singing in the chorus of the Junior Play. An El-So-Hi representative in his third year and a member of the Edsonian Business Staff in his Senior year, Ronnie participated in the Optimist Oratorical Contest his soph-

In addition to all these activities, Sally participated in Freshman Night and is now a member of Future Nurses and Ushers' Club. Attending Youth County and serving on the Edsonian Literary Staff completed her activities.

Padua High transfer GALE TRAINER was a star varsity basketball player. For his outstanding athletic ability Gale was selected to become a member of the Letterman's Club. In connection with his academic studies he joined Spanish Club.

NANCY UNDERWOOD enrolled as an academic student when she came to Southside from Parley Coburn. Nancy was in National Honor Society and served as Alumni Editor and Literary Staff member on the El-So-Hi. In addition to helping out on the Freshman Business committee and the committee for the Junior Play and Junior Prom, she actively participated in Ushers' Club, Girls' Glee Club, G.A.A., and Cheerleaders' Club. Acting as Spanish Club Vice-President took the little time the charming Nancy had left after serving as a Majorette. Commercial student BARBARA VANDEGRIFT was from Parley Coburn. She took part in the activities of Cheerleaders' Club and Ushers' Club.

From Edgeworth NINA VAN HORN chose a commercial course. After serving on the Junior Play committee and other class committees, she kept herself busy with bowling, G.A.A., Cheerleaders' Club and Ushers' Club. Among Nina's duties in Cheerleaders' Club was filling the office of Vice-President in her junior year. Vocational student CHARLES VAN NESS entered Southside from Edgeworth. His interest lay in homeroom basketball and bowling. Also taking a vocational course was RICHARD VAN NOSTRAND, who came from Parley Coburn. A St. Mary's graduate, LAWRENCE VINESKI studied a vocational course. He attended Youth County and worked on various dance committees. SHARON VON DECK from St. Mary's took a commercial course. A member of National Honor Society, Chorus, Girls' Glee Club, and Ushers' Club, she also served on the Freshman and Sophomore Councils and Senior Day committees. Two of her achievements were being chosen as a Youth County delegate and being elected as Treasurer of the Ushers' Club. It was a great adventure for JEAN VON HENDY when she came to Southside from Parley Coburn. The very popular Jean enrolled as a commercial student. In addition to being a Varsity Cheerleader, Junior Varsity Cheerleader, and a member of the Cheerleaders' Club, she helped in presenting the Junior Play, was a member of Ushers' Club, and was nominated for Junior Queen.

The change from Parley Coburn to Southside was exciting for JUDITH ANN WACK, who chose an academic course. Judy, being musically inclined, was in Mixed Chorus, Girls' Glee Club, Qualitones and Band. She was also a member of Spanish Club, Ushers' Club, and Future Nurses. Always willing to help, Judy represented her Senior homeroom in Junior Red Cross, worked on the Junior and Senior Play committees, and took part in Sophomore Parent Night. JANICE WEILAND found herself in a new, exciting world when she came from Pennsylvania Avenue School and took up a business course. Janice served on the Junior Play, Senior Play and Junior Prom committees, held a membership in G.A.A. in her freshman year, and took part in various other class activities throughout the four years.

He was also a member of the Junior Red Cross, a participant in homeroom basketball, and a member of the advertising and circulation staffs of the El-So-Hi.

JOHN WHITE, who transferred from Haverling High School in Bath, New York, took a general course. Taking an academic course, CAROL WHITTAKER entered Southside from Parley Coburn. Her particular interest was the Band, in which she played all four years. Carol belonged to Cheerleaders' Club, Junior Red Cross, Spanish Club, Folk Dance Class, Future Nurses' Club and the Ushers' Club. She contributed her services to the Junior and Senior Play business committees and the Business Staff of the Edsonian. LOUIS WHITTAKER transferred from Elmira Free Academy and enrolled in an academic course. Since he attended Southside only in his senior year, he only had time for work on class committees.

Another newcomer to Elmira was GLORIA WILBUR, a commercial student from Athens, Pennsylvania. She attended Youth County, was a Majorette, and as a member of the Ushers' Club, ushered at both the Junior and Senior Plays. Gloria enjoyed being part of the Folk Dance Class, Cheerleaders' Club and Junior Red Cross.

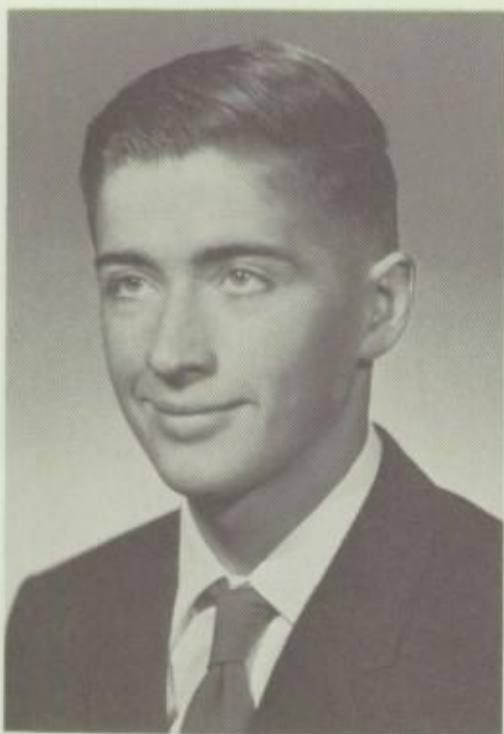

Hopkins St. School graduate LEO WILLIAMS was a diligent worker on the class candy sale staff, while he was studying for a vocational career. The capable, vivacious LOIS WILLIAMS graduated from Parley Coburn. Every leisure moment of her day was filled with some class activity. After serving on the Freshman Council, Lois, two years later became Junior Class President. She also became Treasurer of the Student Council in her Senior year. While preparing for a commercial career, she found time to participate in the Mixed Chorus, the Junior Day Assem-

bly, Ushers' Club, Cheerleaders' Club, and the Syracuse Education Conference. A committee member of the Junior and Senior Plays Lois also served on the Freshman Advisory Council.

The prim English missionary, Miss Brinklow, of "Lost Horizon" was delightfully played by ROBERTA WINNER. After attending Southside in her freshman year, Bobbie transferred to Horseheads returning to Southside in her senior year. Back at Southside, Roberta got right into the swing of things joining Mixed Choir, Ushers' Club, Literary Club, and Edsonian Literary Staff. For her role in the Senior Play she won an honorary membership to Footlighters. This talented girl found time to write our column for the paper and to study to maintain National Honor Society standards. Junior Varsity and Varsity Football highlighted the high school years of CARL WOUGHTER, and academic student from Parley Coburn. Although active in sports, Carl sang in the Junior Play Chorus.

Although BURKE LACOMB is not graduating with our class since he was severely injured in the intra-city football game in October, we wish him the speediest of recoveries. Before his injury Burke was an outstanding student and athlete.

Above the cheering voices of enthusiastic sports' fans were heard the vivacious **CHEERLEADERS**. Their aid in leading crowd cheers gave much support to our football, basketball, and baseball teams. Thanks to their efforts our games were filled with more school spirit. Dressed in colorful green, white, and gold uniforms, the **TWIRLERS** were an added attraction to Southside football games. Hours of practice and hard work were evident in their precision timing and complete perfection of intricate routines. Half-time shows were accented by their performances.

Varsity Football

Adventure means thrills. Thrills mean gridiron combat to the football players and fans at Southside. To instill sportsmanlike attitudes in the athletes and students is the purpose of all our competitive sports. Although the 1958 scores do not indicate the fact our VARSITY FOOTBALL team had an outstanding season. With the delicious taste of a victory over

Vestal 12-7 our squad went on to bow to Ithaca 13-33, but it was able to score the first season touchdown against the Little Reds. Johnson City handed our team its second defeat 6-20 in three starts, but spirits were high for the intra-city game. In the final seconds the Green Hornets scored and converted giving us a 14-13 victory over Elmira Free Academy. Our jubilation and peals of the Erie Bell were silenced when the student body learned that Burke LaComb had sustained serious injuries in the contest. The team held the wily Binghamton North squad at bay and the game ended in a 6-6 deadlock. Although our team put forth valiant efforts, our last three games were lost to Athens

6-26, Union Endicott 7-12 and Binghamton Central 6-39. At this time it is only fitting that we say congratulations and thanks to the boys and coaches who made our team known throughout the Southern Tier as determined and courageous.

Junior Varsity

This year's JUNIOR VARSITY FOOTBALL squad may have been outscored, but it was never out-fought. The determination, spirit and leadership displayed by the young team leads observers to believe that the Varsity's accomplishments will be more outstanding next year. With the able coaching of Mr. Wozniak and Mr. Pazahanick the boys on the junior squad have developed true sportsmanlike attitudes while participating in an adventuresome extra-curricular activity.

RETURNING FOOTBALL LINEMEN—*In Stance:* C. Fleming, C. Konkus, S. Eastman. *Standing:* B. LaComb, Coach Hurley, R. Ogden.

BASKETBALL

VARSITY BASKETBALL—M. Reidy, R. Wright, W. VanHousen, H. Hulser, P. Hunt, T. McCarrick, J. Shipler, W. Wood, T. Green, J. Goodwin, J. Malone. *Kneeling:* Coach Douglas Wilson.

When the whistle blows and the team steps on the court, the basketball player is living a new adventure. Day by day, game by game, the coach helps the boy develop and the boy, in turn, helps the team.

Starting with an inexperienced squad, Coach Doug Wilson has molded the basis of a good working unit. Although the scoreboard showed three wins and fourteen losses, the season was a success in

that the boys acquired confidence and team spirit. We can expect great things from these boys in the coming year.

The little Hornets made Harold Schwalb's tenth year at Southside another success. With their continual drive and outstanding teamwork, they ended the season with ten wins and seven losses. Although they finished second in the Southern Tier Conference, they will always be tops with us.

JUNIOR VARSITY BASKETBALL—*First Row:* B. Burns, W. Stone, W. Wood, T. Butler, J. Wilsey. *Second Row:* D. Easton, G. Emmick, H. Buchanan, C. Whitman, P. Vincent, V. Snider, S. Roe, R. Silvers, W. Regan, Coach Harold Schwalb.

Leading the 1958 VARSITY BASEBALL team through a victorious season was Coach Robert Habersaat, who presented his team in several outstanding games. Among these games were the hard-fought 2-0 victory over Cortland and the landslide victory over Horseheads 16-1. The Hornets were handed their first loss by Corning Northside 13-8 after defeating the sister school, Corning Free Academy 16-12. Three more losses to Elmira Free Academy 7-4, Vestal 8-5, and Johnson City 8-3 followed before Southside left the slump. Our team carried on to win over Ithaca 5-0 and Notre Dame 10-2. After

battling for 12 innings Southside bowed to Cortland 4-3 in a second match. Such a spirited game spurred our team on to victory in the Elmira Heights game 12-2 and the Binghamton North game 3-1. In one of the final games Southside's team fell to a powerful rival Binghamton Central 16-1. The three closing games were won over Endicott 2-1, Ithaca 5-1, and Elmira Free Academy 5-2. On the 1958 Southside team was Burke LaComb, "J.A.C. Player of the Year."

Preceding each Varsity contest was a JUNIOR VARSITY BASEBALL game. The seasonal scoreboard showed an 11-1 record for our young players.

This year Southside WRESTLERS have achieved the best record in the history of the school with a 12-1-1 season. Under the guidance of the coach, Mr. Hurley, the proud matsmen have displayed their athletic skills. Although each wrestler competes individually, the team as a unit works to win each match. Through strict training each member has sacrificed to bring honor to his school.

With the return of warm, spring days comes a reappearance of the Southside TENNIS team. Although very little is heard about the team, it often brings victory and honor to our school by its splendid performances. Coach Harold Schwalb and his tennis team display the fine strokes of the game with great skill. While playing for the school, the boys develop a certain alertness and grace.

The little publicized 1958 TRACK team had a successful season. Hard work, determination, spirit—these were only a few of the qualities to be found in the team. For the outstanding and promising young trackmen came the adventure of participating in state meets at West Point Military Academy. This sport develops strong bodies to carry out the ideals of the educated mind.
